

<BistroExterior_Texture_PS_GLSL 실행 관련 자료>

2026

1. 해당 프로젝트를 실행하면 다음 출력창이 뜨면서 실행된다.

```
*****
PROGRAM NAME: Sogang CSE4170 Bistro Exterior Scene

This program was coded for CSE4170 students
of Dept. of Comp. Sci. & Eng., Sogang University.

- Keys used:
  'f' : draw x, y, z axes and grid
  '1' : set the camera for original view
  '2' : set the camera for bistro view
  '3' : set the camera for tree view
  '4' : set the camera for top view
  '5' : set the camera for front view
  '6' : set the camera for side view
  'ESC' : program close

*****
- GLEW version supported: 2.0.0
- OpenGL renderer: NVIDIA GeForce RTX 3090/PCIe/SSE2
- OpenGL version supported: 3.3.0 NVIDIA 511.79
*****
```

2. Scene 관련 Data를 Load하면서 다음 메시지들이 출력된다.

: * **Loaded cube map textures into graphics memory** 출력되면, Load 완료되었다는 뜻

```

* Loaded axes into graphics memory.
* Loaded grid into graphics memory.
* Loaded 100 bistro exterior materials into graphics memory.
* Loaded 200 bistro exterior materials into graphics memory.
* Loaded 300 bistro exterior materials into graphics memory.
* Loaded 400 bistro exterior materials into graphics memory.
* Loaded 500 bistro exterior materials into graphics memory.
* Loaded 600 bistro exterior materials into graphics memory.
* Loaded 700 bistro exterior materials into graphics memory.
* Loaded 800 bistro exterior materials into graphics memory.
* Loaded 900 bistro exterior materials into graphics memory.
* Loaded 1000 bistro exterior materials into graphics memory.
* Loaded 1100 bistro exterior materials into graphics memory.
* Loaded 1200 bistro exterior materials into graphics memory.
* Loaded 1300 bistro exterior materials into graphics memory.
* Loaded 1400 bistro exterior materials into graphics memory.
* Loaded 1500 bistro exterior materials into graphics memory.
* Loaded 1591 bistro exterior materials into graphics memory.
* Loaded bistro exterior textures into graphics memory.
* Loaded cube map textures into graphics memory.
```

3. Load가 끝나면, 다음 프로그램이 수행된다.

4. Keyboard에서 '1' ~ '6'을 누르면 장면이 변경된다.

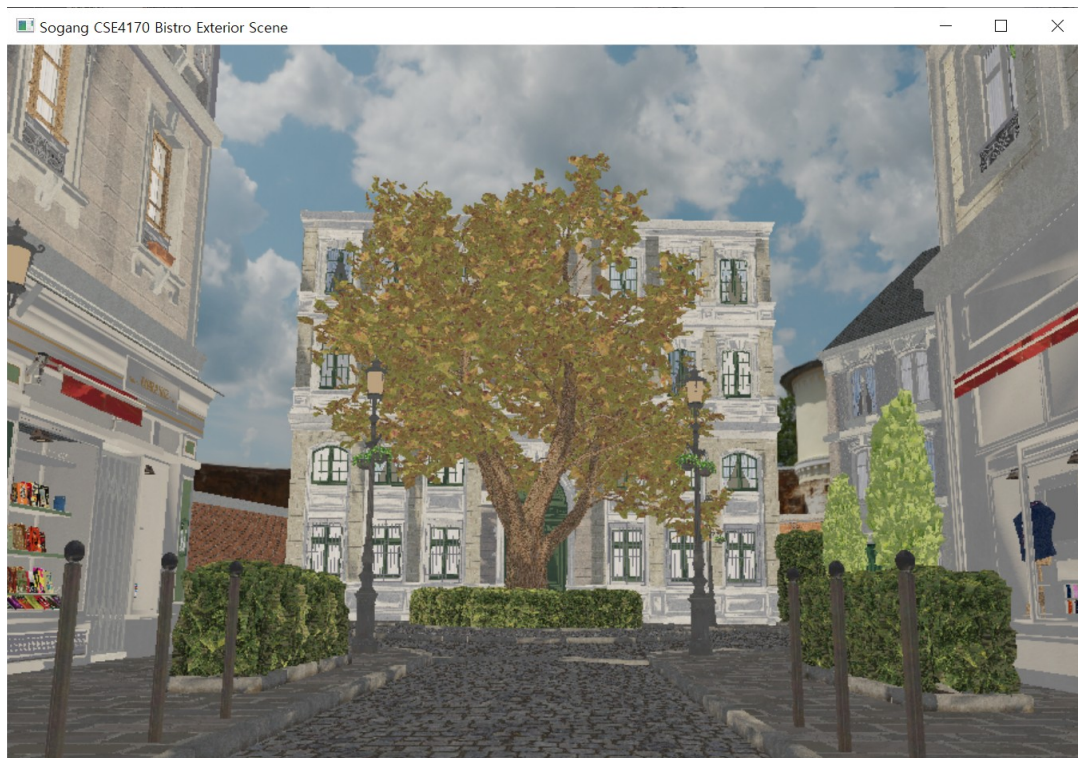

4.1. Keyboard '1' : Original View

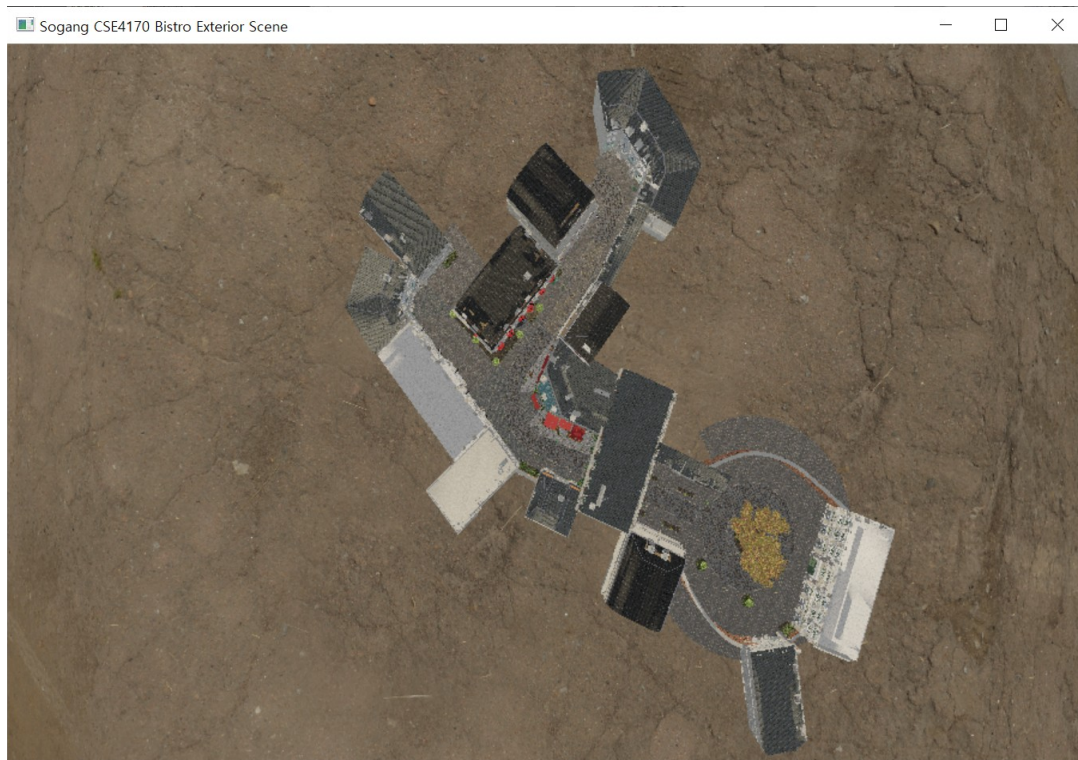

4.2. Keyboard '2' : Bistro View

4.3. Keyboard '3' : Tree View

4.4. Keyboard '4' : Top View

4.5. Keyboard '5' : Front View

4.6. Keyboard '6' : Side View

4.7. Keyboard '7' : Test View

5. Keyboard에서 'f'를 누르면, x, y, z축과 grid(grid 한 칸의 길이 100)가 그려진다.

: 다시 'f'를 누르면, 그려진 x, y, z축과 grid가 지워진다.

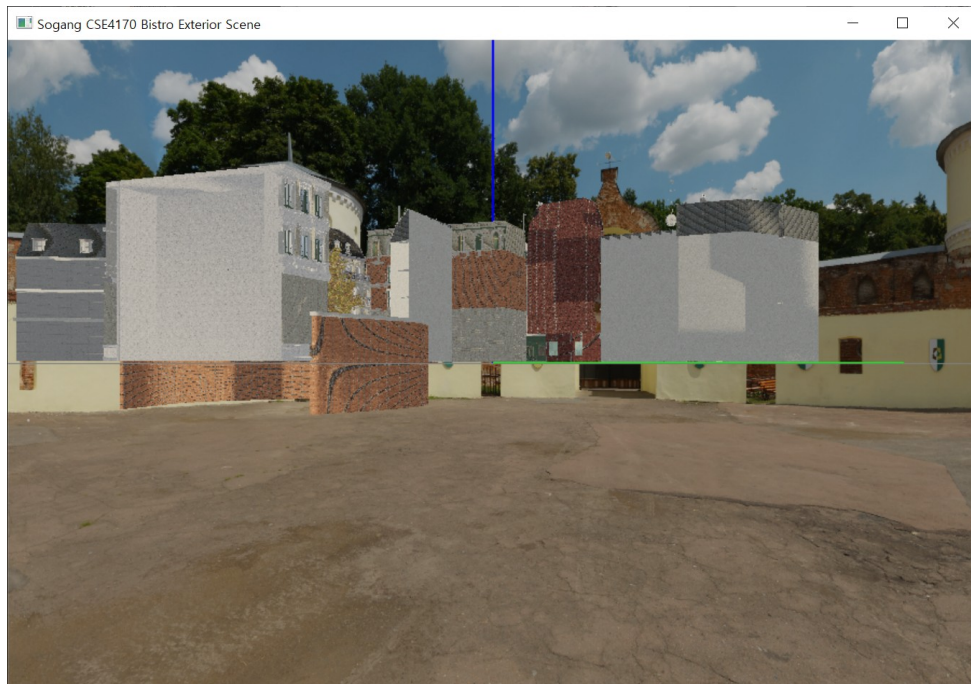

5.1. 'f'를 한 번 눌렀을 때 top view

5.2. 'f'를 한 번 눌렀을 때 front view

5.3. 'f'를 한 번 눌렀을 때 side view

6. Keyboard에서 'ESC'를 누르면, 프로그램이 종료된다.
